

CHAIN OF FIRE

Much of Australia's premier winegrowing regions were profoundly influenced by volcanic activity of many millennia ago. "Chain of Fire" is the experts' term for a series of extinct volcanoes.

Rich volcanic soils create ideal conditions for the growth of high quality grapes which we celebrate in this label featuring a blacksmith - in tribute to Vulcan, the Roman God of Volcanoes, a supremely skilled artisan whose metal-working forge was a volcano.

2015 Pinot Noir

Region

South Eastern Australia

Tasting Note

Pinot Noir displays all the elegance of the variety, with supple cherry and plum fruits over a light dry mouthfeel.

Winemaking Notes

Harvested at optimum ripeness and fermented on skins at cool-moderate temperature. We have kept the oak influence to a minimum, allowing the vibrant fruit characters to remain to the fore.
