

CHAIN OF FIRE

Much of Australia's premier winegrowing regions were profoundly influenced by volcanic activity of many millennia ago. "Chain of Fire" is the experts' term for a series of extinct volcanoes.

Rich volcanic soils create ideal conditions for the growth of high quality grapes which we celebrate in this label featuring a blacksmith - in tribute to Vulcan, the Roman God of Volcanoes, a supremely skilled artisan whose metal-working forge was a volcano.

2014 Sauvignon Blanc Semillon

Region

Western Australia

Tasting Note

A skillful blend of predominantly Sauvignon Blanc with a splash of Semillon delivering a deliciously fresh, fruit driven wine.

Winemaking Notes

Picked at night, pressed quickly and fermented cool with selected yeast in stainless steel tanks.

Alc/vol: 12.5%

Closure: Stelvin screw cap
