

CORNU COPIA

WESTERN AUSTRALIA

Great wine is born of good fortune and can only be found in special places of natural abundance. These wines are from such a place.

2014 CABERNET MERLOT

Frankland River's mild summers and reliable springs combined with cooling breezes coming off the Indian and Southern Oceans provide ideal conditions for development of the detailed flavour and fine tannins that makes great blends of Cabernet Sauvignon and Merlot.

Vibrant and fruitful, this is a classic example of the cabernet merlot blend, with dark berries and plum fruit coupled with fine tannins and delicious texture.
